

The Neighborhood United Church of Christ Presents:

**A Community Conversation on
Hope and Resistance in the Honduras**

Sunday, April 15, 2018 12:00 pm – 1:30 pm

**The Neighborhood invites you to a Community Conversation
with special guest, Christine James.**

In January, former member of The Neighborhood Church, Christine James, joined 50 other social justice advocates and faith leaders from around the US to observe the widespread civil unrest and protests that have erupted across Honduras in the aftermath of the fraudulent November 2017 presidential election.

Hear her first-hand account of ongoing state-sponsored repression in Honduras, how the US is implicated in that repression, and what the story of US intervention in Central America has to teach us about democracy in our country today.
